National Monument Review Briefing Paper 7.6.17.docx

Peter and Nikki,  
Good Afternoon. On Thursday July 27 @ 11:30, Kate has call/meeting with Chris Kearney and John Seebach (Pew Trust) pertaining to a meet-greet and Monuments. Thus, can you please provide me with a briefing memo that includes the latest updates pertaining to the Monument Review and next steps? Thank You.

Can I please get this briefing memo prior to 4:00 on July 26th? Thanks in advance.  
I am attaching one of the past briefing memo's for your reference.

Regards  
Gene

**INFORMATION/BRIEFING MEMORANDUM  
FOR THE ASSISTANT SECRETARY – LAND AND MINERALS MANAGEMENT**

**DATE:** June 6, 2017

**FROM:** Mike Nedd, Acting Director – Bureau of Land Management

**SUBJECT:** BLM Actions Associated with the National Monument Review

The purpose of this memo is to provide an update regarding actions the Bureau of Land Management has completed for the review of National Monuments outlined in Executive Order 13792 on the Review of Designations under the Antiquities Act.

**KEY FACTS**

*Stakeholder Positions:* The Executive Order and the review of National Monuments has received substantial public interest. As of June 29th, over 442,000 comments have been submitted through the regulations.gov portal, and more may have been submitted by interested organizations through other means.

Congressman Paul Cook's (CA-08-R) advocates for adjusting the boundaries of three of the four national monuments within his district, as outlined in his June 8, 2017 letter to Secretary Zinke.

California's Senators Dianne Feinstein and Kamala Harris, the State Legislature, State Attorney General and California Secretary for Natural Resources have all expressed their strong support for California's national monuments.

*Public Lands Affected:* 18 BLM managed or co-managed National Monuments are under review, and cover over ten million acres. Three of those monuments are co-managed by the Forest Service (Bears Ears, Berryessa Snow Mountain, and Sand to Snow) and two are co-managed by the Park Service (Craters of the Moon and Grand Canyon-Parashant).

**BACKGROUND**

Executive Order 13792 initiated the review by the Department of the Interior of National Monuments designated, under the Antiquities Act, since January 1, 1996 and that exceed 100,000 acres. The review includes a public comment period, Bureau of Indian Affairs Tribal Listening Sessions, and the collection of information and documents associated with each National Monument.

**DISCUSSION**

The BLM is assisting in the review by gathering the information requested by the Department, reviewing documents, responding to follow up requests, and providing a team of BLM staff to

complete the sorting and review of the public comments. The documents provided by the BLM include responses to the initial data call, additional information requested, and an executive summary for each monument. Within these responses, the BLM provided information related to grazing, energy, recreation, mining, and other topics. Associated documents provided include Proclamations, Resource Management Plans, and other documents pertinent to the review.

All of the materials for the initial data call pertaining to BLM managed National Monuments have been sent to the Department of Interior for review. For co-managed units, the BLM has collaborated with the US Forest Service and National Park Service for each document; though each agency is submitting individual companion documents.

The BLM monument review team continues to work with the Department and BLM state and field offices to address questions for each National Monument under review. The BLM has also been conducting briefings as requested. The Secretary's interim report on Bears Ears National Monument is attached (Attached).

## **NEXT STEPS**

The BLM will continue to provide information as requested and support the public comment review. The Department of Interior will develop a final report including recommendations for the President.
